Ben Hicks

Through his photography, Ben aspires to raise environmental awareness by depicting the natural world in an endearing and relevant manner that all individuals can connect with. Ben is particularly focused on using his art to convey the importance of sea turtle conservation as these magnificent creatures are one of the most important indicators of the health of the world's marine ecosystems. Ben strives to serve the global community by using his art to communicate conservation, environmental activism and sustainability in hopes of inspiring others to restore the Earth.

Stephanie McCombie

Born and raised in Vancouver, BC, Stephanie has always had a connection with dogs, and been drawn to them as they have been drawn to her. Four years ago when she adopted Gus, a German Shorthaired Pointer, her life was forever changed, until a year ago, when their super senior Travis, became a part of their family - and The Pointer Brothers were born. It took her awhile to realize that she was meant to do the thing that she loved, but thanks to her "boys", her eyes were opened.
